

- 1. Billing Issues** – It depends on the flavor of the day. They can change normal routine visits/follow ups to Diagnostic visit (for visits related to refill prescription) anytime without informing the patient.
- 2. Struggle scheduling appointments** - Good luck getting an appointment with Dr Parikh. As you can see, it is not available this year as of 10/3/2024. I tried getting an appointment for her in the month of April 2024, and the earliest one was available in October 2024 (6 months later). Dr Parikh is mostly un-available. The staff at Baylor, Scott and White (Irving) pressure you to see her Physician Assistant, most of the time.
